

MEME

Figure 1: **Usage of MEME as of June 22, 2018.** The histograms show the number of different users submitting runs, the number of runs, the total cpu time of all runs, and the maximum number of runs for a single user on a month-by-month basis.

MEMECHIP

Figure 2: **Usage of MEMECHIP as of June 22, 2018.** The histograms show the number of different users submitting runs, the number of runs, the total cpu time of all runs, and the maximum number of runs for a single user on a month-by-month basis.

CENTRIMO

Figure 3: **Usage of CENTRIMO as of June 22, 2018.** The histograms show the number of different users submitting runs, the number of runs, the total cpu time of all runs, and the maximum number of runs for a single user on a month-by-month basis.

DREME

Figure 4: **Usage of DREME as of June 22, 2018.** The histograms show the number of different users submitting runs, the number of runs, the total cpu time of all runs, and the maximum number of runs for a single user on a month-by-month basis.

FIMO

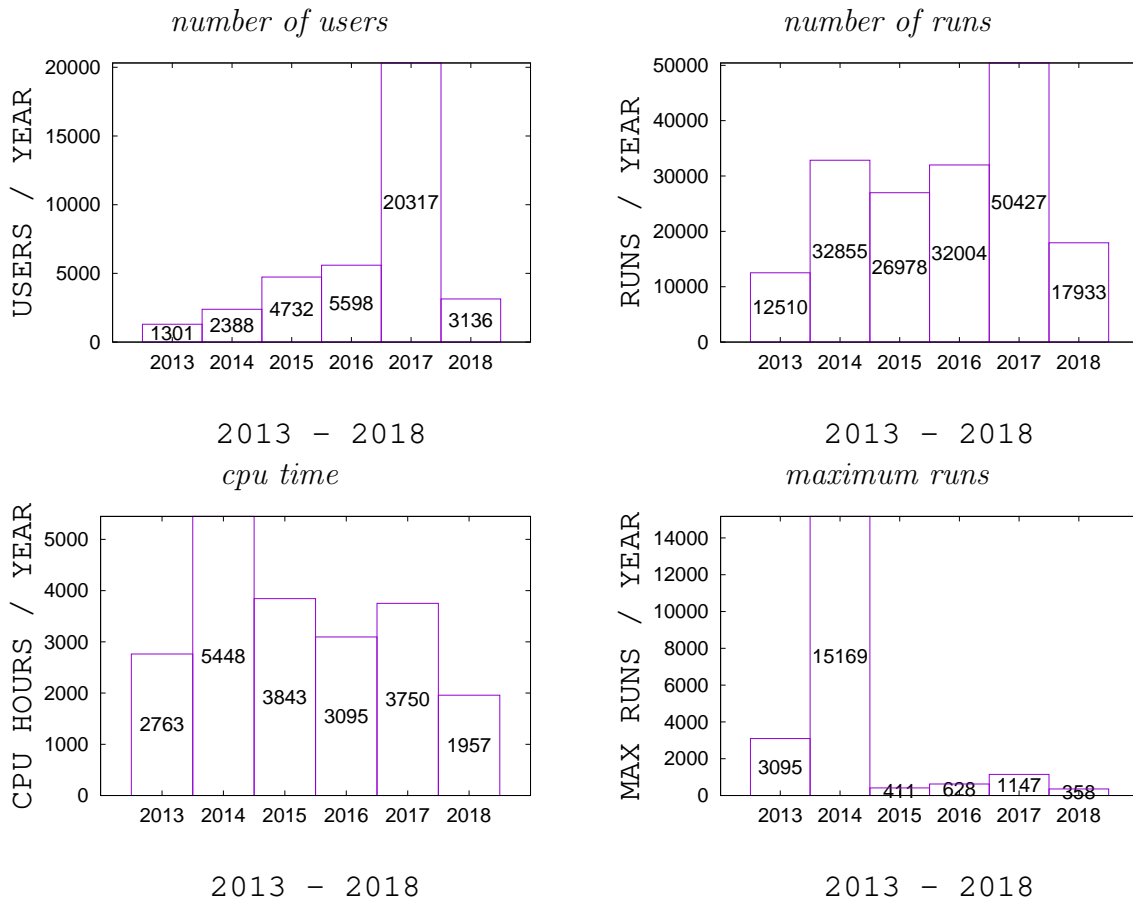

Figure 5: **Usage of FIMO as of June 22, 2018.** The histograms show the number of different users submitting runs, the number of runs, the total cpu time of all runs, and the maximum number of runs for a single user on a month-by-month basis.

GLAM2

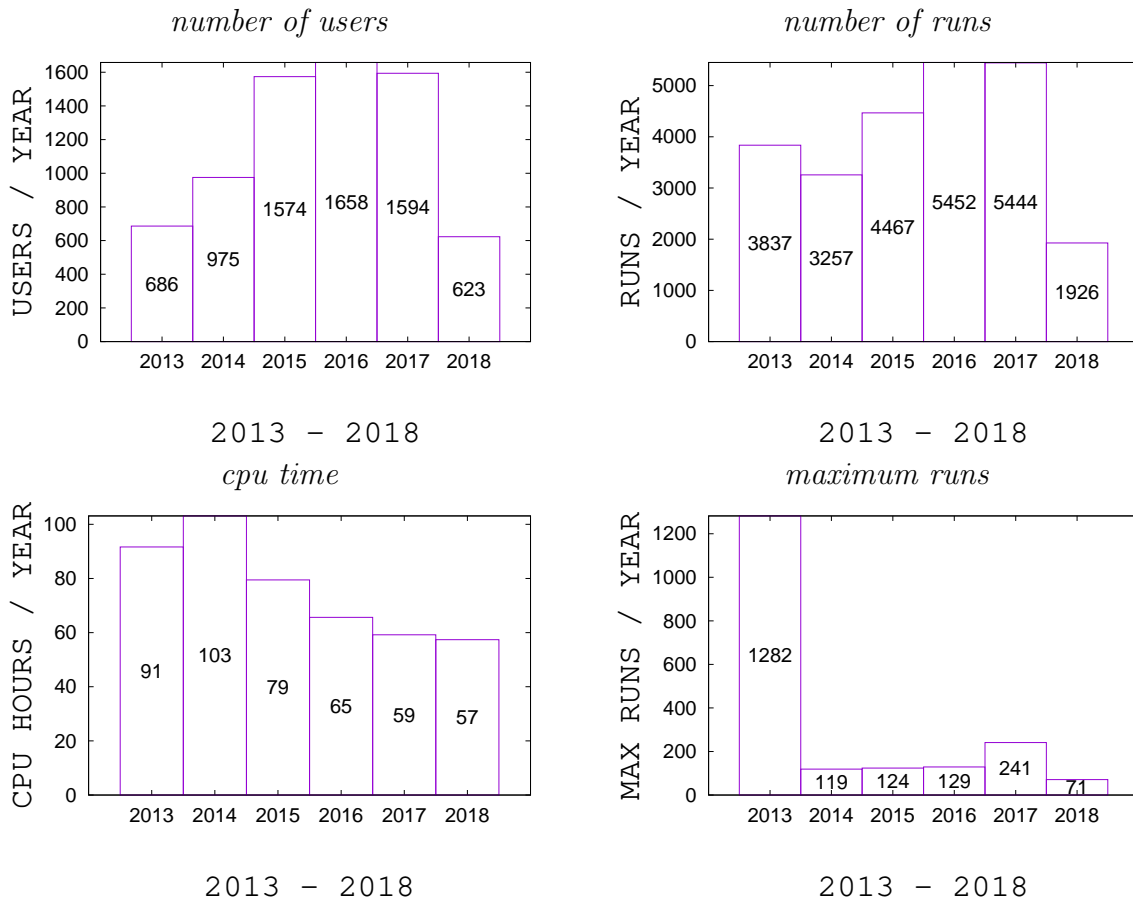

Figure 6: **Usage of GLAM2 as of June 22, 2018.** The histograms show the number of different users submitting runs, the number of runs, the total cpu time of all runs, and the maximum number of runs for a single user on a month-by-month basis.

GLAM2SCAN

Figure 7: **Usage of GLAM2SCAN as of June 22, 2018.** The histograms show the number of different users submitting runs, the number of runs, the total cpu time of all runs, and the maximum number of runs for a single user on a month-by-month basis.

GOMO

Figure 8: **Usage of GOMO as of June 22, 2018.** The histograms show the number of different users submitting runs, the number of runs, the total cpu time of all runs, and the maximum number of runs for a single user on a month-by-month basis.

MAST

Figure 9: **Usage of MAST as of June 22, 2018.** The histograms show the number of different users submitting runs, the number of runs, the total cpu time of all runs, and the maximum number of runs for a single user on a month-by-month basis.

MCAST

Figure 10: **Usage of MCAST as of June 22, 2018.** The histograms show the number of different users submitting runs, the number of runs, the total cpu time of all runs, and the maximum number of runs for a single user on a month-by-month basis.

SPAMO

Figure 11: **Usage of SPAMO as of June 22, 2018.** The histograms show the number of different users submitting runs, the number of runs, the total cpu time of all runs, and the maximum number of runs for a single user on a month-by-month basis.

TOMTOM

Figure 12: **Usage of TOMTOM as of June 22, 2018.** The histograms show the number of different users submitting runs, the number of runs, the total cpu time of all runs, and the maximum number of runs for a single user on a month-by-month basis.

AME

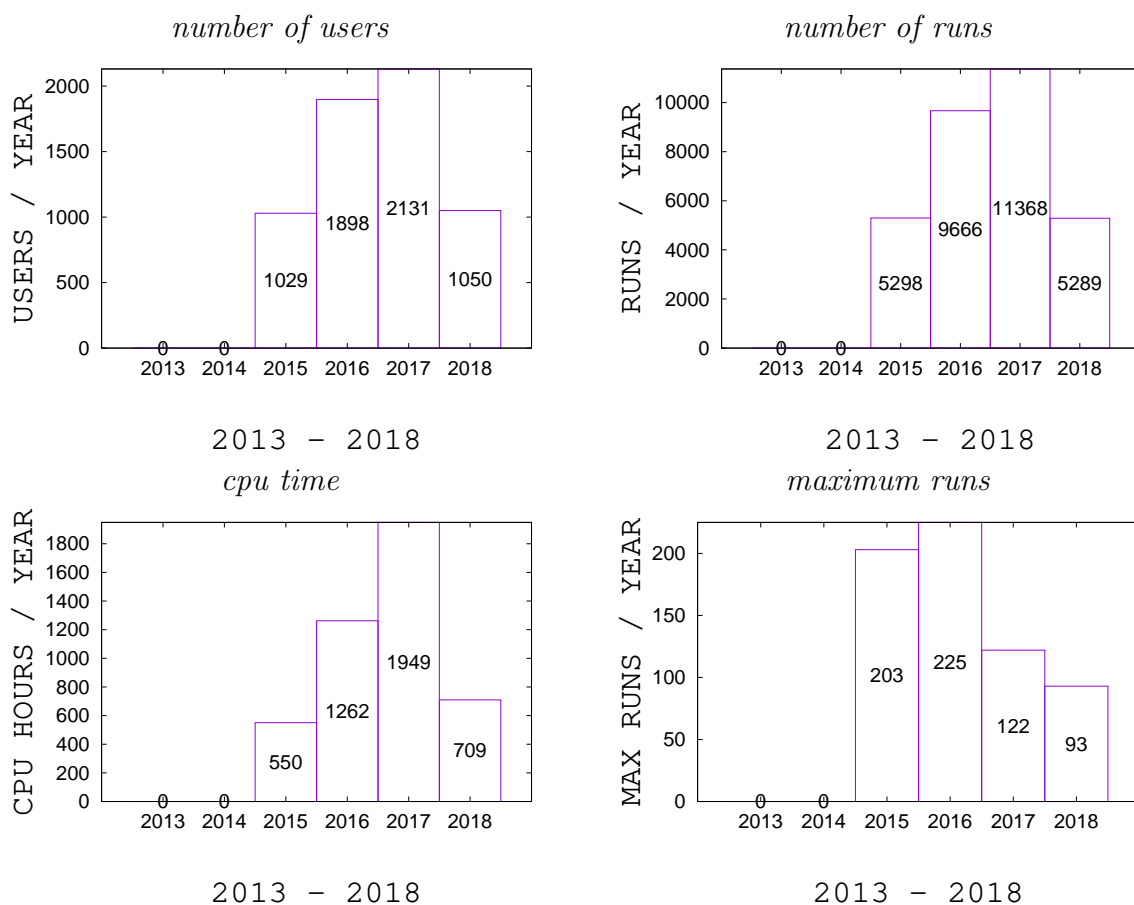

Figure 13: **Usage of AME as of June 22, 2018.** The histograms show the number of different users submitting runs, the number of runs, the total cpu time of all runs, and the maximum number of runs for a single user on a month-by-month basis.
